

# Cumulative Annual Index

The cumulative annual index lists (in bold type) each article author, country, colony and dependent territory, topic, international organization, and alliance that has been covered by *Biography & News/Speeches & Reports* during the volume year. In addition, each country, colony and dependent territory, international organization, and alliance listed in the Almanac issues of **Current World Leaders** is entered in bold type. All major headings, and citations within these headings, are arranged in alphabetical order.

The month and number following each entry indicate the issue and page number of *Current World Leaders Biography & News/Speeches & Reports* in which the entry appeared. The letters in parentheses indicate that the entry refers to: (B) a biography, (CP) a country profile, (FA) a feature article, (R) a report, or (S) a speech. A double asterisk (\*\*) after an entry indicates an accompanying photograph. Abbreviations used in this index are found on page 1020.
